Limited International Warranty for CIMIER WATCHES

This limited warranty (hereafter referred to as: the warranty) is extended by the manufacturer, Montres CIMIER SA. The limitations to the warranty are detailed below. Your CIMIER watch was manufactured using only the best materials and applying the strictest production standards. Like all CIMIER watches, it was subjected to an individual quality control and complied with the demanding quality requirements stipulated by Montres CIMIER SA. For this reason, Montres CIMIER SA extends guarantee covering all manufacturing defects for a period of three (3) years from the date of purchase. This warranty entitles you to claim for the repair of all production defects arising during the period of warranty, on condition that they are communicated without delay. In addition, the watch may be replaced at manufacturer warranty directly from Montres CIMIER SA.

Warranty restriction

Please note that your international CIMIER warranty is only valid if it is accompanied by the attached Warranty Card. Every field of this Warranty Card must be completed and signed by Montres CIMIER SA. The Warranty Card must bear the reference number of the watch and exact date of purchase. It must also bear the stamp and signature of Montres CIMIER SA. This warranty does not cover the crystal, leather strap or any damage caused by inappropriate use, such as sharp knocks, extreme heat or cold or strong magnetic fields. Any repair or maintenance work carried out by unauthorised persons shall also automatically make this warranty null and void. In addition, this warranty does not cover the batteries that operate the quartz mechanism. Your watch is guaranteed to be waterproof for a period of three (3) years from the date of purchase, on condition that the crystal, bezel, case back and crown are undamaged. Your attention is drawn expressly to the fact that CIMIER watches are not suitable for use while practising extreme sports (such as diving, surfing etc.).

Applicable law and other rights

This manufacturer warranty gives specific legal rights; in addition to these, you may also have other rights on the basis of irrevocable provisions established by other national laws, which may vary from country to country, according to the law applicable at the time and in the place where your watch was purchased.

Exclusion and restriction of other warranties

Insofar as allowed under current law, Montres CIMIER SA excludes all and any other express or implied warranties. All implied warranties, i.e. including, though not exclusively, any implied warranty covering the relative characteristics for merchantability or a specific application, as may be imposed under a country's legislation, shall be limited to a duration of three (3) years. Some countries do not allow any limitation on the duration of an implied warranty, in which case the restriction in this clause may not apply to you.

Exclusion of liability for consequential damages

As far as applicable law allows, Montres CIMIER SA shall under no circumstances be liable to the purchaser or to any other persons for individual, consequential or incidental damages of any kind (including, but not limited to, loss of income or business or any other economic damage) that may arise out of a breach of the warranty, a breach of contract or otherwise, even if Montres CIMIER SA has been informed about such possibility. Any recovery against Montres CIMIER SA or the authorised CIMIER retailer shall in any case be limited expressly to the purchase price of the watch, regardless of whether the said recovery is based on the clauses of this warranty or on legal provisions. Some countries do not allow the limitation or exclusion of liability for incidental or consequential damages, in which case the limitations and exclusions in this clause may not apply to you.
